UltraPrevention • August 9 to 14

Join Canyon Ranch physicians for an event based on the bestseller *UltraPrevention*, co-authored by Canyon Ranch Corporate Medical Director Mark Liponis, M.D. Learn how to improve or regain your health and vitality through lifestyle, diet, exercise and positive habits. *UltraPrevention* goes beyond traditional prevention by examining the root causes of disease and investigating why someone becomes ill rather than just giving band-aid treatments that mask symptoms but don't address the problem. With *UltraPrevention*, you can improve your health, feel younger, and stay energetic and vibrant for life. Understanding is the first step toward optimal health. These activities are noted by the ☉ symbol.

Been Here, Done This?

DISCOVER METAPHYSICAL

Inner wisdom is available to each of us; learning how to find it is part of the journey. Metaphysical consultations are fun, and offer intriguing alternate pathways to self-awareness. While you're at the Ranch, try taking a guided walk within with these services: Astrology, Numerology, Clairvoyant Reading, Tarot Card Reading, and Handwriting Analysis. Call your Program Advisor at Ext. 5439.

PERFORMANCE ORTHOTICS ASSESSMENT

Feet are subject to enormous forces and small abnormalities can cause big problems. Ninety percent of all foot pain and a great deal of knee, hip and back pain is caused by abnormal biomechanics of the feet. This quick, precise, computerized assessment of the way you stand and walk is used to prescribe orthotics – inserts for shoes – that can correct these problems simply and prevent further wear and tear, and greatly reducing pain. 25 minutes. Call your Program Advisor at Ext. 5439.

Body Work

HOW TO RECEIVE A MASSAGE

- Give yourself plenty of time before your massage so you can enjoy the steam room, sauna or whirlpool. Warm muscles benefit most from body work.
- A warm shower just before your massage is relaxing and washes away any salts, minerals or chemicals that could clog pores when mixed with massage oils. Then put on your robe and meet your therapist in the locker room waiting area.
- You can choose to remain quiet or talk during your service. The therapist will follow your lead.
- Unless the service description specifies that your massage will be received clothed, undress completely and wear a robe to your massage. You will be able to take your robe off and cover yourself in privacy. You will be draped with a sheet throughout the service to preserve modesty. For services that are received clothed, light, loose fitting clothes are ideal. Please leave valuables in your room as you do not want these items left behind.
- Oils with fragrance are applied. Fragrance-free massage oil is available upon request.
- Communication is the key to getting the massage you want. During your massage, let your therapist know if you feel any discomfort.
- Because every body is different, our superb massage staff is eclectic, multi-talented and devoted to giving you a massage that satisfies your needs. Please communicate your expectations and medical conditions with your therapist and listen to your body.
- Close your eyes and allow your mind and body to be quiet. Focus on how you feel. Breathe deeply and let tension slip away with each breath. Remember, this time is for you.
- Can't decide between the Canyon Ranch Massage or Deep Tissue Massage? See differences below:

Canyon Ranch Massage

- Light to medium pressure
- Relaxing massage

Deep Tissue Massage

- Strong, firm pressure
- Focus on specific areas or knots
